

UVisable® cleaning and hygiene control

- Easy to use
- Quick and simple to start
- Battery powered and portable
- Instant result
- Low cost
- Instructive and pedagogic

UV Lamp housing

UV bulb	Xenon 35W high intensity discharge bulb
Warm up	Maximum UV light intensity: 15 seconds
Hot restrike	Minimum cooling period: 5 seconds
UV bulb life	2000 hours
Filter glass	Type: Black, 315 - 405 nm
Reflektor	Aluminium, 135 mm diameter
Material	Plastic
Rating	IP 54

Electronic and battery control unit

Material	Anodized aluminium
Battery	NiMH 12 V, 4.5 Ah
Battery life	Ca 1000 charges
Battery time	1 hour, 15 min
Recharge time	4 hours

Dimensions and weight

Dim. (mm)	Length: 270 mm
	Diameter lamp house: 160 mm
	Diameter electronic/battery: 135 mm
Weight	2.5 kg

Battery charger unit

Material	Plastic
Supply	100-240 V AC
Dim. (mm)	100 x 62 x 47 (H x W x D)
Weight	0.22 kg
Rating	IP 44
Temp. range	-20°C to +40°C
