

Charger

UVisable® cleaning and hygiene control

- Easy to use
- Quick and simple to start
- Battery powered and portable
- Instant result
- Low cost
- Instructive and pedagogic

UV Lamp housing

UV bulb	Xenon 35W high intensity discharge bulb
Warm up	Maximum UV light intensity: 15 seconds
Hot restrike	Minimum cooling period: 5 seconds
UV bulb life	2000 hours
Filter glass	Type: Black, 315 - 405 nm
Reflektor	Aluminium, 68 mm diameter Spot alt. 12° diffusion angle
Material	Anodized aluminium
Rating	IP 54

Electronic and battery control unit

Material	Anodized aluminium
Battery	NiMH 12 V, 4.5 Ah
Battery life	Ca 1000 charges
Battery time	1 hour, 15 min
Recharge time	4 hours

Dimensions and weight

Dim. (mm)	Length: 315 mm Diameter lamp house: 85 mm Diameter electronic/battery: 50 mm
Weight	1.4 kg

Battery charger unit

Material	Plastic
Supply	100-240 V AC
Dim. (mm)	85 x 50 x 35 (H x W x D)
Weight	0.18 kg
Rating	IP 44
Temp. range	-20°C to +40°C
